Planning Analysis Sheet – AfroVibes *Website*

Website Goal

The goal of the AfroVibes website is to introduce Southern African music to European audiences.
I want visitors to:
- Learn about the main genres, artists, and history of Southern African music.
- Listen to examples (via YouTube links).
- Appreciate traditional instruments and modern trends.
- Connect the culture of Southern Africa with the world.

Working Titles of Pages and Information Needed

1. **Home Page (index.html)**
   - Welcome message and introduction to AfroVibes.
   - Banner image which is a map of the southern part of the African continent.
   - Links to genres, artists, and history pages.
   - One external link (e.g., Wikipedia pages).
   - One email link for contact.

2. **Genres Page (genres.html)**
   - Overview of genres
     Genres featured are Amapiano, Kwaito, Gqom, Mbira, Isicathamiya and Sungura).
   - A **table** summarising origin, tempo, and characteristics.
   - Image or sidebar card with Marimba instrument.

3. **Artists Page (artists.html)**
   - Profiles of key artists/ensembles: Ladysmith Black Mambazo, Miriam Makeba, Mbira Collective, etc.
   - Scrollable section for longer quotes or details.
   - An image floated beside text (Miriam Makeba).
   - YouTube link for music.
   - Embedded YouTube link

4. **History Page (history.html)**
   - A short history of Southern African music (roots, 20th century, today).
   - An image of drums
